Mrs. J. O. Tyson had been spending the week with relatives in Memphis.

Mrs. J. B. Walthall has returned from New Orleans.

Eather Oliver has been absent this week on a mission.

The Farmers' Qub met Saturday and transacted the usual amount of business.

We understand that steps are being taken towards the erection of a cotton taken towards the erection of a cotton.

The Ryans gave an entertainment at the hall last Monday night.

Mr. and Mrs. Jenkins, of Oxford, were in town several days this week visiting the peace of Europe.

sible needs of the Soedan campaign. The Woolwich arsenal workshops have been Mrs. Hudson, the Boston Swindler, Arhurriedly enlarged by the erection New York, March 14 -- Mrs. Dr. Emma arsenal on double time. Sir Peter Lums The eclipse will be annular because the cone of the moon's shadow does not reach the earth. It will appear annular at those places nearly in the point of the cone. In an annular eclipse a ting of sunlight surrounds the moon's shadow, the moon being at such a distance that it does not cover the whole of the sun's disc. Until recent years annular eclipses lave been neglected by astronomers; but during the last one some very important observations, were made by the French astronomers, who are always glad to see him. A. L. M.

The eclipse will be annular because the cone of the moon's shadow does not reach that the building will soon be under way.

Mrs. N. C. Parrish, mother-in-law of the cone in the Coleman House last high for similar practices there. She had agreed by the for similar practices there. She had agreed this camp to be cover the whole of the sun's disc. Until recent years annular eclipses have been neglected by astronomers; but during the last one some very important observations, were made by the French astronomers, who are always glad to see him. A. L. M.

The colliest Mrs again changed his camp to the propriet of the Coleman House last high for similar practices there. She had also observed by her engaging manners the best high for similar practices there. She had also observed by her engaging manners the best high for similar practices there. She had also observed by her engaging manners the best high for similar practices there. She had also observed by her engaging manners the best high for similar practices there.
